
WILSON GUAMAN

3419 West 61st Place, Chicago, Illinois 60629 | Cell: (773) 344-5394 | wilsonguaman30@gmail.com

SUMMARY

- Experienced in applying techniques toward designing, developing, and documenting.
- Used JavaScript and HTML, CSS to create a responsive, modern and creative personal portfolio website with a glass affect.
- Used JavaScript and HTML, CSS for school-projects to develop web applications for client server environments, added functionalities to existing applications with a group of three classmates.
- Gained experience with applications of procedural and object-oriented programming languages used for the development of server-side web applications (C#, Java, Python), and web development frameworks such as ASP.NET, SQL Server.
- Developed a structured approach towards writing server-side code that allows a web application to exchange data between a web server and database server (individual project party invite app).
- Quickly learned and mastered new technologies; successful working as part of a team and in self-directed settings.
